

Only regularly calibrated measuring instruments (measuring and test equipment process according to our specifications in ISO 9001:2015) are used for our measurements.

- ✓ Currently calibrated devices
- ✓ Mechanically and technically controlled
- ✓ Firmware up to date
- ✓ Test protocol of the devices available
- ✓ Periodic control and testing of all devices
- ✓ Trained personnel for measurement and evaluation

Manufacturer	Pm-ID	Type	Type of device	Place of use
Fluke	24253105	435 II	Power Quality Analyzer	Electro
Fluke	25880401	43B	Power Quality Analyzer	Electro
Fluke	DME8850348	43B	Power Quality Analyzer	Electro
